

## ArchiStar signs distribution agreement with Juwai

17<sup>th</sup> April 2018

ArchiStar is pleased to announce a distribution agreement has been signed with Juwai. Juwai will distribute ArchiStar products and services to its large user base of Chinese consumers globally.

The key ArchiStar products for the Chinese market include a world-first instant Feng Shui assessment platform and a sunlight analysis platform.

“We’re excited to partner with the largest and most authoritative source for global property in Chinese, with over 2.8 million property listings spanning 90 countries. This partnership allows Chinese consumers and businesses to have unique insights into environmental and design factors when they are making important property decisions” says Dr. Benjamin Coorey, Founder & CEO, Archistar

ArchiStar and Juwai are now working together on market testing and systems integration.

### **About ArchiStar**

ArchiStar is a fast growing proptech startup based in Sydney, Australia. The ArchiStar Property platform enables Developers to instantly determine the development potential of any block of land. ArchiStar uses architectural parametric technology and government controls to identify development hotspots.

### **About Juwai**

Juwai introduced the first global platform to engage Chinese buyers in 2011. Today, The site is the largest and most authoritative source for global property in Chinese, with over 2.8 million property listings spanning 90 countries, with over 18,000 current news stories, country buying guides, education and emigration articles, along with the largest Chinese social media community focused on international property.

Juwai is based in both Shanghai and Hong Kong, operating in countries and regions including Southeast Asia, North Asia, North America, Australia, New Zealand, UAE, United Kingdom and Europe.
